There never has been a winter yet that didn't eventually drift into spring.—Joplin Globe.

The war is bringing about a threatened shortage of ammonia. If it continues next summer there will be an ice famine. Where there is a supply available it would be well for people to put up natural ice. In the northern states nearly every farmer has his ice house. He cuts his ice and stores it in the winter and has an abundant supply for his own use all summer. Southern Missouri seldom has a winter cold enough to freeze ice to any depth, but this year is the exception, and where there is the water there will be no trouble in getting the desired thickness.

Mrs. Will Amber, of Monett, is visiting her uncle, G. D. Hall, and family.—Neosho Democrat.

"The Common Law" Gem Wednesday.

The basket ball game between Carthage and Aurora, Friday night, resulted in a score of 29 to 6 in favor of Carthage. The game was played at Carthage.

Mrs. T. W. Wade died at Springfield, Saturday, of paralysis. She was the mother of Mrs. Tom Ferguson, formerly of Monett, now of Republic. Funeral services were held Monday at the Wade Chapel cemetery near Republic.

Mr. and Mrs. A. B. Pfeiffer and infant son, Carol, after a year's stay at Little Rock, have returned to Springfield to locate. They are domiciled at 467 St. Louis street. Mrs. Pfeiffer was formerly Miss Lucille Carroll.—Springfield Leader.

Barney Finn of the Sarcoux, Mo., Record is the justly proud father of John Franklin Finn, an 11-pound boy born holiday week. Every member of the Missouri Press Association knows Bernard and Mrs. Finn and will join in the hope that John Franklin's life may be a long and happy one, and that he inherits the genial disposition and sterling qualities of his parents.—Publishers Auxiliary.

Monett, Jan. 21st. 1918

Upon request, and for the knowledge and information of all patriotic citizens, the following is published:—

The Food Administration has named Tuesday of each week as Meatless day. Hotels, restaurants, boarding houses as well as private homes are expected on this day not to serve beef, mutton or pork or its by-products; but to serve instead poultry, game fish, and oysters. Wednesday of each week to be known as Wheatless day, on this day no light bread or biscuits to be served, in its stead, corn bread, rye bread or graham bread to be used.

In regard to sugar; groceries and trade are notified that no more than five (5) lbs lot are to be sold at one time or daily to a household without the limits of a town or city.

This occasions no hardship upon any one, and by everybody abiding by the request of the Food Administration it will greatly aid and assist to bring about the victory for which we all aim.

Sincerely,
J. F. Mermond

Barry County Food Administrator

MURMURS FROM

THE PRAIRIE.

Three New Years have come and gone since the beginning of this terrible war. Before us lies 1918 when America must face such problems and endure such service to humanity as she has never before known. Have you housewives made the resolution to follow the conservation pledge? Do you have your wheatless and meatless days and meals? And last but not least are the men having their smokeless and chewless tobacco days?

John Webber was the first one to venture out after the snow storm as far as Monett. He took the safe way going on the train from Globe.

A good many of the brave men of the Prairie turned out Tuesday and broke out the roads, making it passable for the mail carrier to deliver the mail.

Dr. Ferguson was called out to the home of Henry Spain to see Mrs. Spain who has been ill several days.

Last Tuesday the people of the Prairie were sad when Aunt Mag Sanders, who for many years has made her home with her daughter, Mrs. Henry Spain, was dangerously ill with pneumonia, and died about 1 o'clock Saturday morning. Funeral services were held at the home Sunday, conducted by Rev. Kennedy of near Bethel. Interment was held in the Bethel cemetery.

There was no church on the Prairie Sunday on account of the deep snow.

Mrs. Kennedy who has been failing in health for some time, died Friday, January 18th at the home of her son, Henry Spain. Funeral services were held Saturday afternoon at Bethel church. Burial was made in the Bethel cemetery.

AIRPLANE FLIES

OVER MONETT

Sunday evening, between 7 and 8 o'clock, what is supposed to have been an airplane, passed over Monett. It came from the south and from here took a northwesterly direction.

The lights were plainly visible from the town but the machine was so high that the noise of the machinery could not be distinguished.

CURED AT COST OF 25 CENTS

"Eight years ago we first moved to Mattoon, I was a great sufferer from indigestion and constipation," writes Mrs. Robert Allison, Mattoon, Ill. "I had frequent headaches and dizzy spells, and there was a feeling like a and chest all the time. I felt miserable and chest all the time. I felt miserable. Every morsel of food distressed me. I could not rest at night and felt tired and worn out all the time. One bottle of Chamberlain's Tablets cured me and I have since felt like a different person."—Adv.
